

# A NARRATIVE REVIEW OF EMOTION MEASURES IN FOREIGN LANGUAGE LEARNING

KPH-Projektverantwortung: Pia Resnik

## Kurzfassung / Abstract

This publication focuses on reviewing various emotion measures in foreign language learning and the chapter will be part of a book, edited by Professor Chengchen Li and Professor Li Wei, published with Multilingual Matters in honour of Professor Jean-Marc Dewaele. The first draft is currently under review.

## Desiderat

The chapter provides an overview of foreign language learning emotion measurements – where it all started and how the field evolved. Additionally, potential future trends as well as knowledge gaps are addressed in it.

## Bisherige Disseminationen

Botes, E., Moskowitz, S., & Resnik, P. (under review). An overview of foreign language learning emotion measurements – how did we get here and where do we go now?. In C. Li & Li Wei (eds.), Book in honour of Jean-Marc Dewaele. Multilingual Matters.
